# **Table of Contents**

- i Letter from Jack Dangermond
- iv Prefac
- v The Maryland model

#### **Broadband**

1 Minnesota Broadband Service Inventory

### Construction

2 Using IntelliCAD with GIS

# **Critical infrastructure protection**

- 3 Community Wildfire Protection Plan
- 4 Snohomish County Critical Areas Landslide, Erosion, and Volcanic Hazards—Township Series Map Sheet 7
- 5 Barry M. Goldwater Range—East: Wildland Fire Plan

# **Electric and gas utilities**

- 6 A View From Above—Electric Distribution Service Design
- 7 Electric Facilities with Joint Use Attachments
- 8 Major Transmissions Systems in New Mexico
- 9 Power Plants of India, 2007-08

# **Environmental impact**

- 10 Crean Lake Hydro-Acoustics Project 2004—Prince Albert National Park
- 11 For the Love of the Lake, Historic Lakeshore Communities
- 12 Watershed Assessment—Homewood Erosion Control Project
- 13 Application of Interpolation Methods in ArcGIS for Groundwater Flow Problems

- 14 Groundwater Quality Modeling in Hillsborough County, Florida
- 15 Mammoth Community Water District Groundwater Investigation
- 16 Santa Ana Watershed
- 7 Airport Noise Impacts on Proposed Schools
- 18 Modeling Travel Time to Markets and its Application in Analyzing Flood Impacts on Transport

### **Highways and roads**

- 19 New Mexico DOT Milepost/Point Map
- Structurally Deficient and Functionally Obsolete Bridges in Minnesota

# Infrastructure mapping

- 21 Kingdom of Saudi Arabia Road Map
- 22 The Road Map of Cote d'Ivoire
- 23 Transportation Map of the State of Vermont
- 24 The North American Natural Gas System

# Planning and engineering

- 25 City of Berkeley Downtown Area Plan
- 26 Cobb County Pavement Ratings
- 27 Elements of the City: Visualizing Local Pedestrian Accessibility
- 28 Wind Atlas for the Languedoc-Roussillon Region
- 29 Central Florida Year 2050 Highway Capacity Analysis
- o Isochrone
- 31 San Diego Region—Trip Proximity Analysis Along Selected Highway Corridors

# **Table of Contents**

32 Transportation Projects—Conception to Completion

### **Public transit**

- 33 Essential Public Transportation Map
- The Use of GIS in Restructuring San Diego's Transit System
- 35 Visualization and Analysis of Urban Taxi Demand Survey Data

# **Public works**

- 36 City of Sioux Falls Development Phasing Tiers
- 37 Hardscape Damage Locations
- 38 An Analysis for Additional Fire Hydrant Locations
- 39 City of Oxnard Maps
- 40 Exploring Landfill Gas Production with GIS
- 41 Park Access for Underserved Populations in Los Angeles
- **42** Proposed Cobb Community Improvement Projects
- 43 Using 3D GIS for High-Rise Buildings and Growth Development
- 44 Active Transportation Plan—Priority Sidewalk Analysis
- 45 Cobb County Thoroughfare Sidewalks
- 46 Mountain Bike Trails Map
- 47 City of Escondido Bicycle Master Plan
- 48 City of Hampton Urban Enterprise Zone
- 49 Generalized Map Uses: Athens Metropolitan Area

### Rail

- 50 Las Vegas Light Rail Station Access
- 51 Monterey County Rail Service

# Renewable energy

- 52 Impact of Future Wind Farm Development on the Avesnois Park Landscape
- 53 California Energy Commission Energy Facilities Siting and Environment
- 54 Siting a Solar Power Project
- 55 Renewable Energy Siting: Collocating Wind Energy and Ethanol Production in Kansas

# **Traffic and safety**

- 56 Oregon Traffic Flow
- 57 Yakima Traffic Safety Analysis

# **Transportation planning**

58 Transport Oriented Development Plan

#### Water utilities

- 59 City of Mercer Island Water Atlas
- 60 Heart Attack of a City
- 61 Kirkland's Utility Map Books
- 62 Santa Monica Sewer System
- 63 Sewer Quad D-01-E
- 64 Village of Winfield Utility Atlas
