Click title below to go directly to that step.

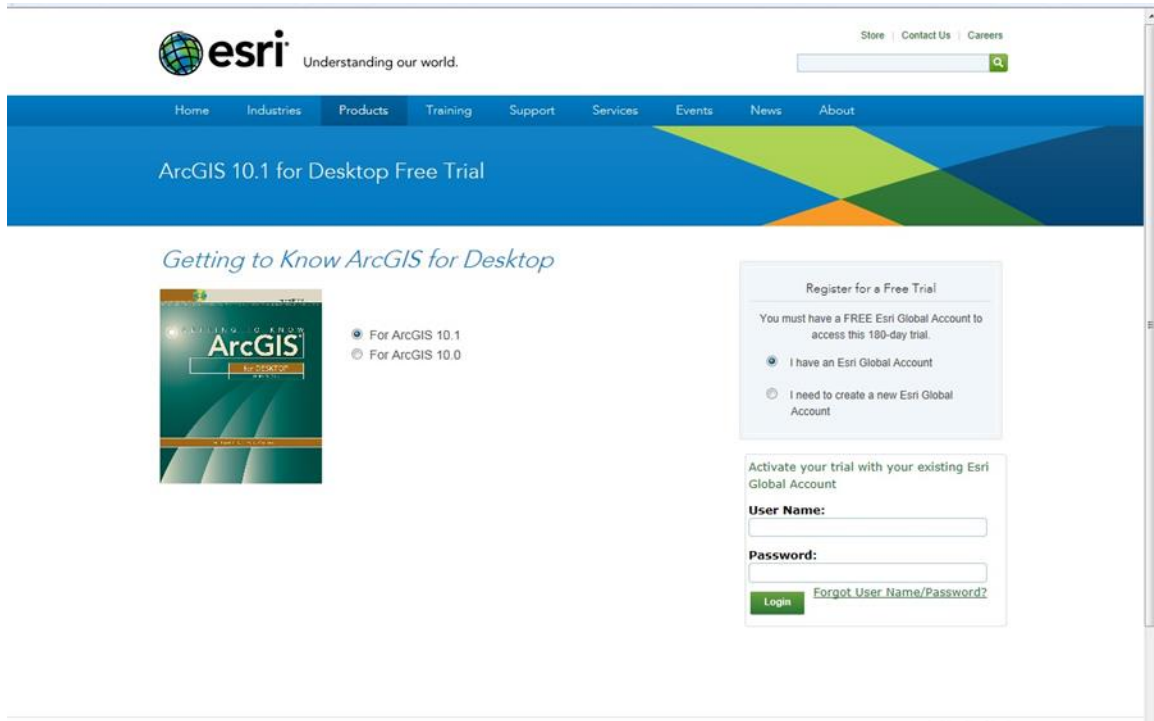

- ❖ Pages 2–3      [Activating ArcGIS Evaluation on the Esri Press Site](#)
- ❖ Page 4          [Downloading the Required Software](#)
- ❖ Pages 5–7      [Installing ArcGIS 10.1 for Desktop](#)
- ❖ Pages 8–12    [Authorizing ArcGIS 10.1 for Desktop](#)

## Activating ArcGIS Evaluation on the Esri Press Site

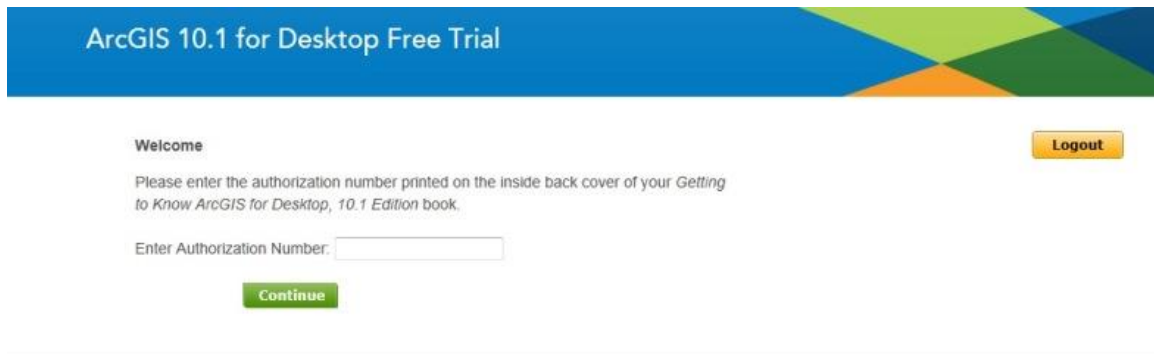

1. Click [http://esripress.esri.com/display/dsp\\_ArcGIS10Eval.cfm](http://esripress.esri.com/display/dsp_ArcGIS10Eval.cfm).
2. Select the book that you need to activate software for and click Next.

3. In the window that appears, make sure For ArcGIS 10.1 is selected. Log in using your Esri Global Account and password. If you do not have an account, click I need to create a new Esri Global Account.

4. Once logged in, enter the EVA number printed on the back cover of your book (see screen shot below).

## Downloading the Required Software

1. Previous versions of ArcGIS for Desktop must be uninstalled before this program can be installed. Go to your Add/Remove programs to uninstall these programs before installing ArcGIS 10.1 for Desktop. Click ArcGIS Uninstall Utility if you are unsure how to uninstall the previous version.
2. Click Microsoft .Net Framework 3.5 SP1. This might already be installed on your computer. If you are running Windows 7, you can check your installed programs. Below is a link to third-party software that you can use to check which .Net Framework software you have installed. You can also install .Net Framework 3.5 SP1 from this site:

[http://www.asoft.be/prod\\_netver.html](http://www.asoft.be/prod_netver.html)

3. Download ArcGIS\_Desktop\_101\_129796\_2.exe (English) 909.65 MB.

The screen shot below will assist you with steps 1–3 above.

- Enter your authorization number: \_\_\_\_\_, and click Next.
- On the Authorize Software Extensions dialog, select 'I do not want to authorize any extensions at this time.' and click Next. (Nine ArcGIS for Desktop extensions are automatically authorized with ArcGIS for Desktop Advanced (ArcInfo) Single Use, and therefore it is not necessary to authorize extensions at this step.)

A copy of the installation instructions will be sent via email to \_\_\_\_\_@esri.com for your records.

File Description	Download Size	Download Link	Documentation
Microsoft .Net Framework 3.5 SP1		<a href="#">Download</a>	
ArcGIS Uninstall Utility	1.15 MB	<a href="#">Download</a>	<a href="#">Read Me</a>
ArcGIS for Desktop	909.65 MB	<a href="#">Download</a>	<a href="#">Install Guide</a>
ArcSDE for Microsoft SQL Server 2008 R2 Express (Personal)	1.50 GB	<a href="#">Download</a>	<a href="#">Install Guide</a>
ArcGIS Data Reviewer for Desktop	56.10 MB	<a href="#">Download</a>	<a href="#">Install Guide</a>
ArcGIS Workflow Manager for Desktop	54.36 MB	<a href="#">Download</a>	<a href="#">Install Guide</a>
ArcGIS License Manager (Windows)	21.67 MB	<a href="#">Download</a>	<a href="#">Reference Guide</a>
ArcGIS License Manager (Linux)	97.50 MB	<a href="#">Download</a>	<a href="#">Reference Guide</a>
ArcGIS License Manager (Solaris)	114.17 MB	<a href="#">Download</a>	<a href="#">Reference Guide</a>

### Software Support

[ArcGIS 10.1 for Desktop Free Trial Online Help](#)

## Installing ArcGIS 10.1 for Desktop

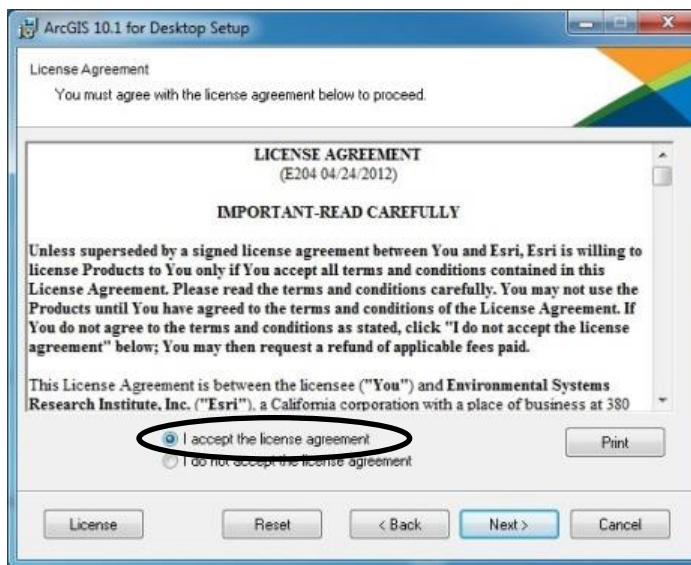

1. The file is an .exe file. Double-click it to install your software (see screen shot showing the file for 10.1).

2. Once all files have been extracted, select the Launch the setup program check box.

3. Follow the setup instructions then read and agree to the End-User License Agreement (EULA). Click Next.

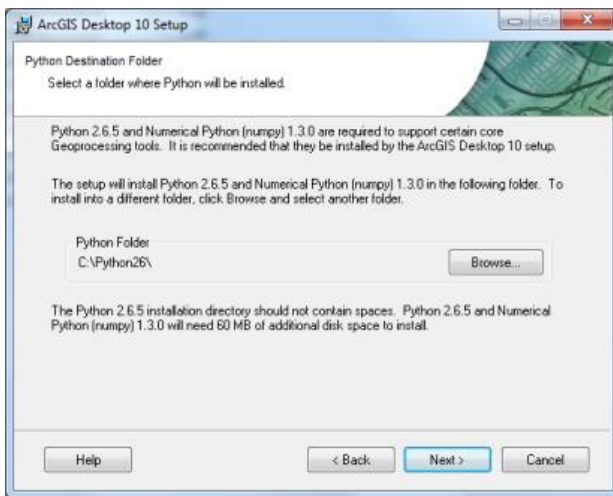

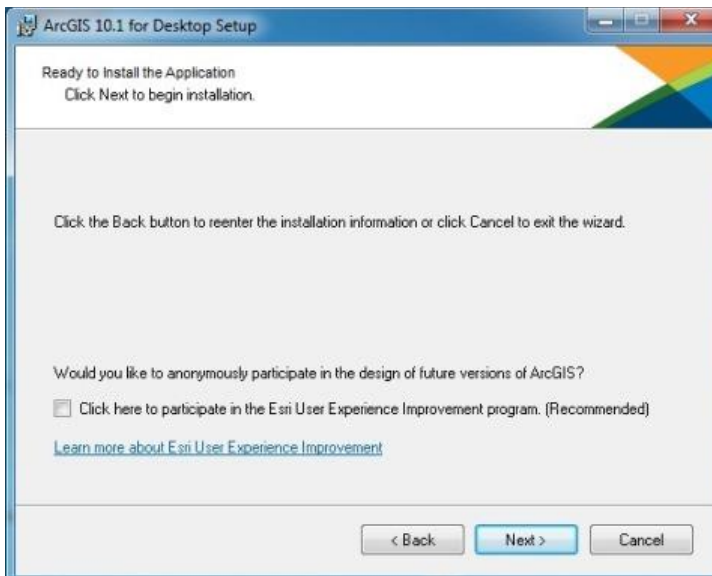

4. In the next window, choose Complete as the installation type then click Next.

5. In the next window, install the Python folder as seen on the screen shot below. Click Next.

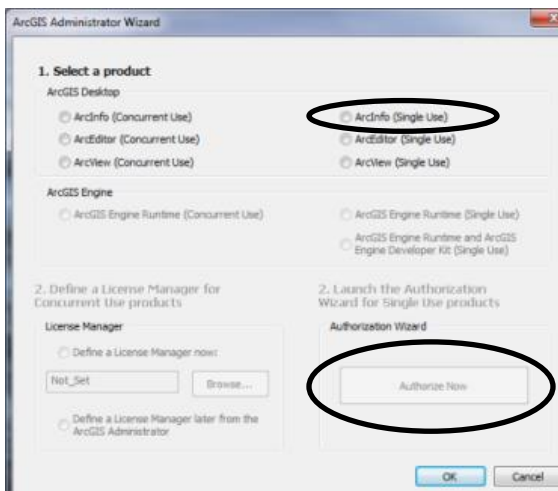

- The screen shot below is the last window before the installation starts. Click the Back button if you need to make any changes. If you are ready to install, click Next (the installation will take 10 to 20 minutes to complete).

- When the installation is complete, click Finish. The ArcGIS Administrator Wizard should open (see screen shot below). If the wizard does not open, go to page 8, step 1.

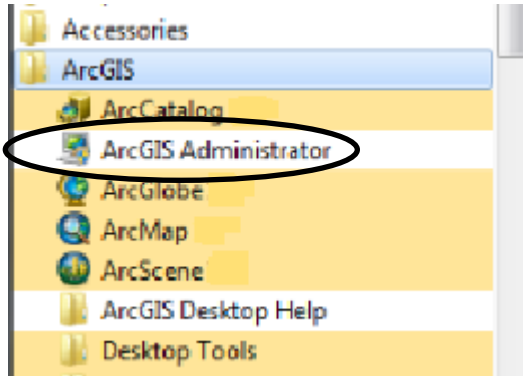

Both 180-day and 365-day evaluation numbers are ArcInfo Single Use. Select your license type then click Authorize Now.

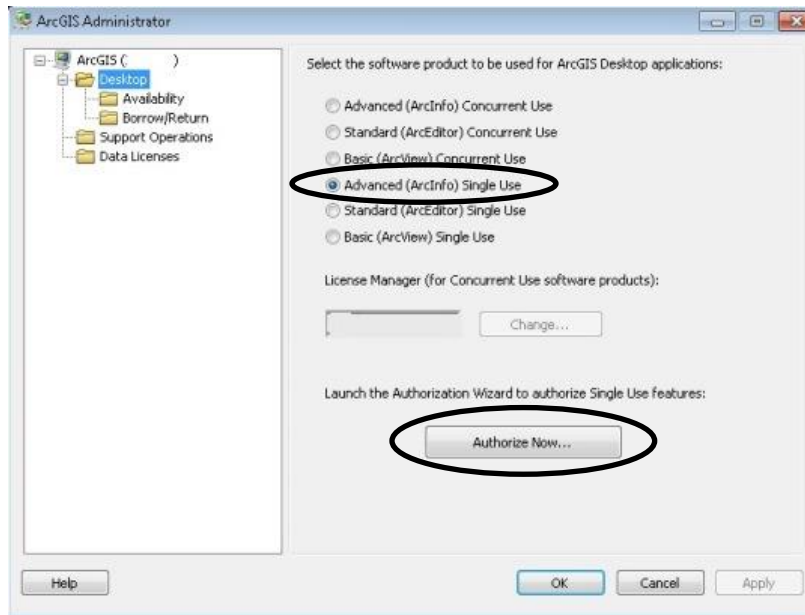

## Authorizing ArcGIS 10.1 for Desktop

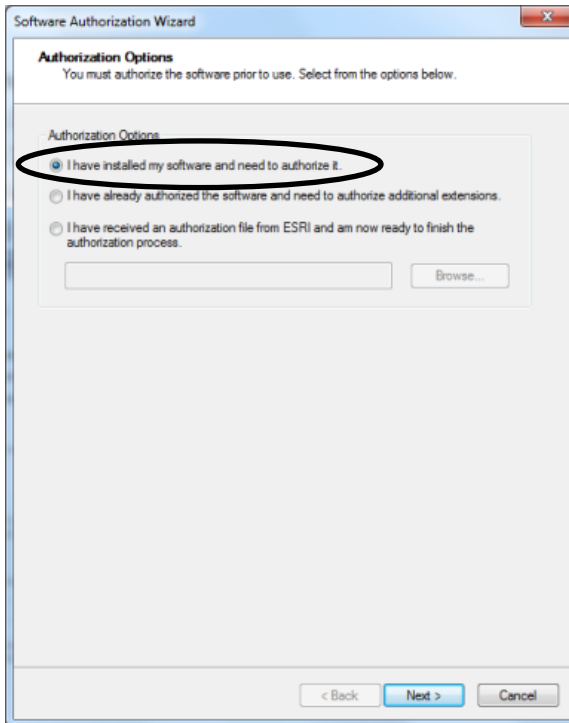

1. From the Start menu, click All Programs > ArcGIS > ArcGIS Administrator (see screen shot below).

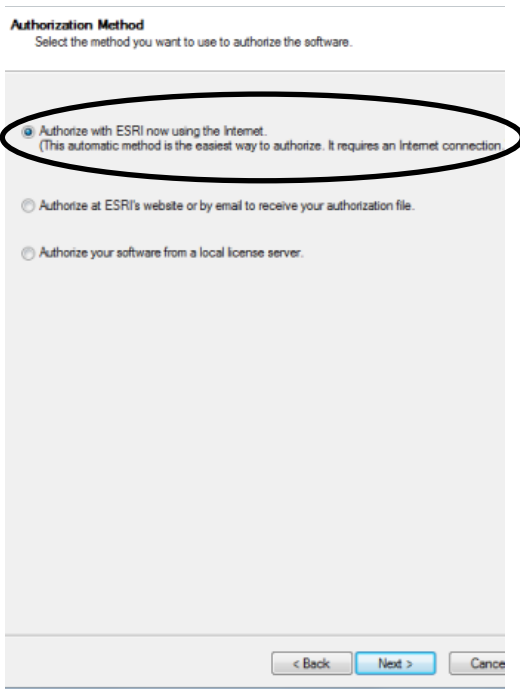

2. In the ArcGIS Administrator wizard, select Advanced (ArcInfo) Single Use, click Authorize Now.

3. In the next window, under Authorization Options, select I have installed my software and need to authorize it and click Next.

4. In the Authorization Method window, select Authorize with ESRI now using the Internet then click Next.

5. Enter all information in the next window then click Next.
6. Populate the next window as best you can. If you are unsure, select Other for the Your Industry and Yourself fields. Select Commercial/Private Business for the Your Organization field then click Next.

**Authorization information (continued)**  
We will use the following information to verify our records and authorize your use of the software. (\* required field)

\*Your Organization: Commercial/Private Business

\*Your Industry: Other

\*Yourself: Other

The personal information you supplied is protected under ESRI's privacy policy. If you want to view ESRI's privacy policy, click the View button below.

< Back   Next >   Cancel

7. In the next window, enter your authorization number EVA123456789 and click Next.

**Software Authorization Number**  
Enter the authorization number for your software product.

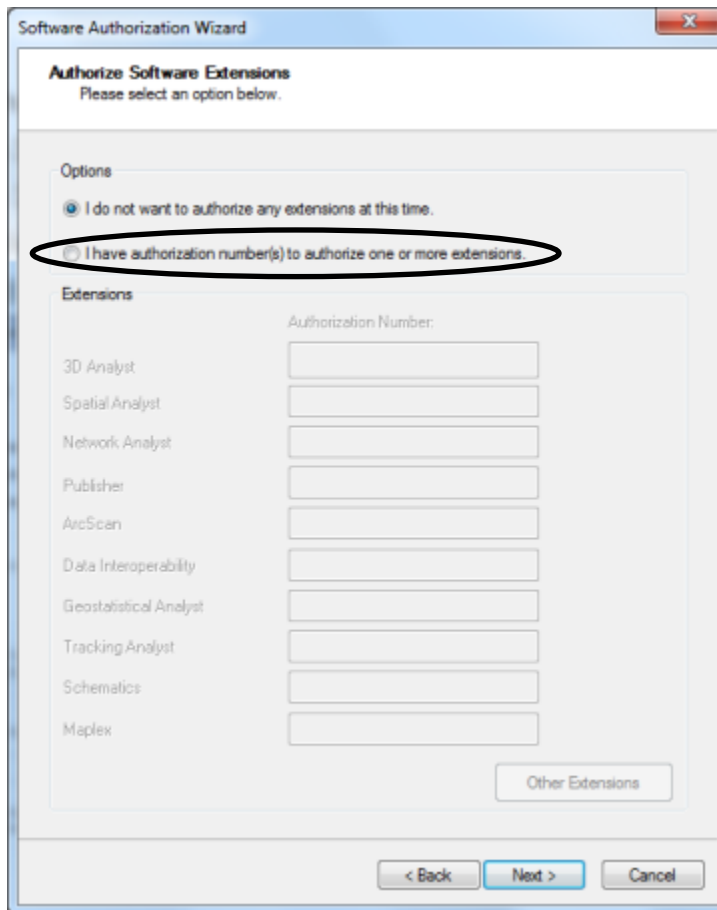

The authorization number consists of three letters and a series of numbers; similar to ABC123456789.

Advanced Single use

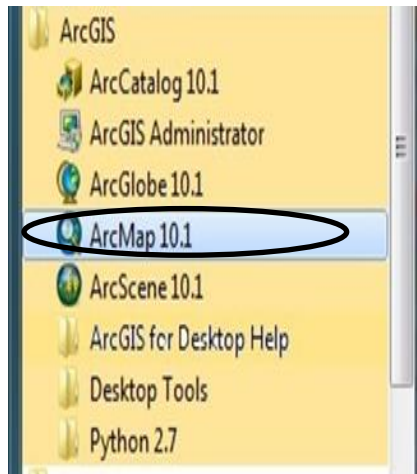

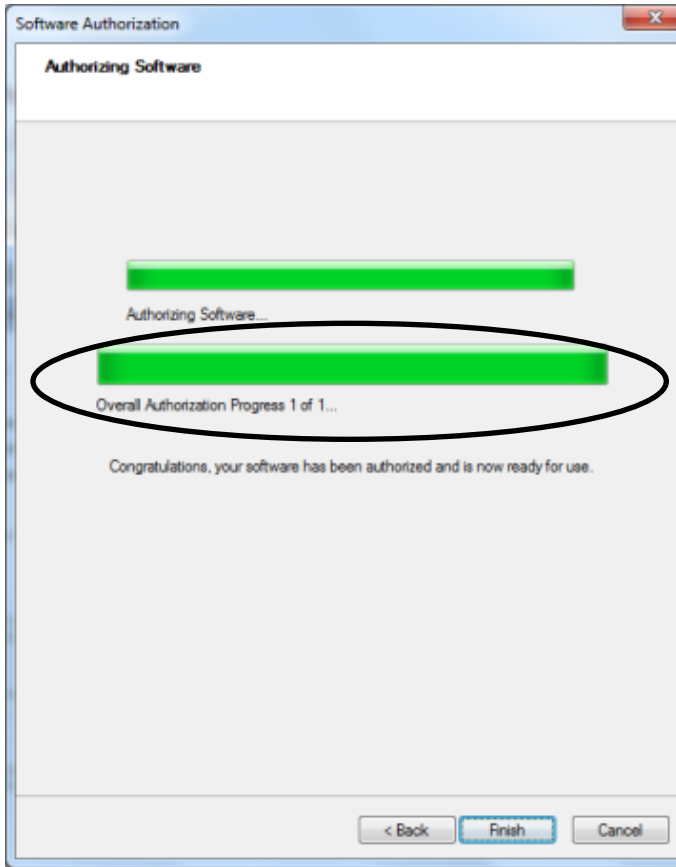

[Text Input Field]

< Back   Next >   Cancel

8. There is an optional step to add extensions for the 180-day evaluation (see screen shot below).
  - a. For a 180-day evaluation, select I have authorization number(s) to authorize one or more extensions and enter the same EVA number you did for your Advanced ArcInfo license. Click Next.
  - b. For a 365-day evaluation, all extensions are available. Click Next to authorize your evaluation.

9. The screen shot below left shows a successful authorization. Click Finish. Close the ArcGIS Administrator window that will appear. Your authorization is complete. Click the Start menu, click the ArcGIS folder, and then click ArcMap 10.1 to run your program. The screen shot below right is how the Start menu should appear. (Depending on your operating system, your menu may look a little different.)

Contact your instructor if you have questions regarding your book.
