

ArcGIS Image Server Product Life Cycle Support Status

The Product Life Cycle Support Policy is designed to help communicate to ESRI users the technical support resources available during a product's life span and to provide advanced notification of planned changes to available support options. Read more about this in our [Product Life Cycle Support Policy](#).

Notes:

- ArcGIS Image Server includes the following products: ArcGIS Image Server.
- The ArcGIS Image Server extensions carry the same Product Life Cycle as the main ArcGIS Desktop product.
- All service packs, patches, and hot fixes available for a particular version have the same support status as the version they address.
- Dates listed in a support column provide the date on which the product entered that support level.
