

ArcView GIS (3.x) Product Life Cycle Support Status

The Product Life Cycle Support Policy is designed to help communicate to ESRI users the technical support resources available during a product's life span and to provide advanced notification of planned changes to available support options. Read more about this in our [Product Life Cycle Support Policy](#).

Notes:

- **ArcView 3.3 is in Mature Support as of April 4, 2005. Database Access 2.1g for ArcSDE 9.1 is the last release for ArcSDE 9.x."**
- The ArcView GIS (3.x) extensions with the exception of the ArcView IMS extension and ArcView Business Analyst 2.0c carry the same Product Life Cycle as the main ArcView GIS (3.x) product.
- The ArcView IMS extension is retired effective June 1, 2004.
- The ArcView Business Analyst 2.0c is retired effective April 12, 2007.
- All patches and hot fixes available for a particular version have the same support status as the version they address.
- Dates listed in a support column provide the date on which the product entered that support level.
